Dear Dr. McAllister:

This letter will acknowledge receipt of your check for \$500.00 in support of the 1989 FASEB conference entitled Cellular and Molecular Genetics.

We are very grateful for your backing. The conference is a important means of sharing information and promotes exchange in a way that fosters the development of science. With decreasing support from the federal government for these activities, your contribution is all the more meaningful.

Your company will be recognized at the meeting and the participants will be made aware that The Council for Tobacco Research-U.S.A., Inc. is a benefactor of the conference.

Thank you again for your support.

Sincerely,

A handwritten signature in cursive script that reads "Gretchen Darlington".

Gretchen J. Darlington, Ph.D.
1989 Chairperson
